11th October, 2017

Dear Parents and Families,

RE: Homework

We have started using Class Charts at Rye College. Class Charts is an online system which teachers use to set homework and provide additional learning resources for students.

We believe in working closely with parents and one of the key benefits of using Class Charts is that we are able to securely share your child(s) homework with you and so keep you up to date in real-time.

Each child has a unique access code that they have been given in a letter. Please ask your child for the letter and access code that they have been given.

Once you have been issued with a code, you will need to create an account and enter the code here:

<https://www.classcharts.com/parent/login>

Links to mobile phone apps are also available to parents from this page. If you have more than one child in the school, then you can enter additional codes once you have created an account and are logged in.

Please do get in touch if you have any questions.

Yours Sincerely,

Mr D Downes
Deputy Head: Learning
